

FT600VK / FT600VKK  
VIDEOKITS

## VIDEOKITS

# FT600VK & FT600VKK

Looking for a classy product and yet very budget-friendly?

The FT600VK and FT600VKK video kit offers both.

Its price will surprise you, but make no mistake.

The finish of the outpost is and remains a real Faststel:  
beautiful black anodized aluminum finished with real glass!

Plastic doesn't stand a chance again.

## SPECIFICATIONS

1. The 140° camera is very subtly concealed so that the visitor does not feel spied on and vandalism is not attracted.
2. The volume of the microphone can be adjusted independently of that of the loudspeaker.
3. A light sensor switches the camera to a perfect black and white night image in the dark.
4. With 4 anti-vandal screws, the outdoor station is firmly fixed.
5. With the optional keyboard 2 relays can be controlled.
6. The very powerful loudspeaker is adjustable in several steps.
7. The frame is made of brushed aluminum and glass.

## DIMENSIONS

The outdoor stations can be installed flush or surface mounted and this with 1 and the same frame.

### Total size:

216 x 116 x 31 mm (HxWxD)

### Recess to be provided for flush mounted model:

202 x 102 x 31 mm (HxWxD)

## FT600BUS

This module allows you to choose between built-in or surface-mounted. Delivered by default.

## FT600HW

Hollow wall accessory.  
(e.g. gate style)

## THE KIT FT600VK AND FT600VKK EACH CONSIST OF:

+

+

+

### OUTDOOR UNIT FT600VC or FT600KVC

### FT600W

7"inch video monitor  
(cat 5 POE or 12V wifi)

### FT600SW

POE switch  
4 connections

### FT600LIC4

4 licenses  
android/ IOS Apple

## UNIQUE FEATURES

- 100% Plug & Play: absolutely no programming required!
- Also not for the apps: scan the QR code and you're done. No need to create an account(s)! We respect your privacy.
- Both flush and surface mounting. Choose during installation!
- Only low cost kit with keypad.
- The outdoor unit is for a 100% made of aluminum and tempered glass. 0% plastic.
- Create access codes via the app from anywhere in the world: Set whether the code is valid once, for an hour, day, week or permanent.
- Integration with an external SIP server by license FT600UPGR: Integrate the door phone in your own SIP server. When you ring the doorbell, the door phone will call both our cloud (indoor unit + 4 apps) and the local telephones.
- Unlimited expandability.

## INDOOR STATIONS

SUPPLIED BY DEFAULT.

### FT600W

This 7" indoor unit is included as standard.

With this internal unit you can answer your visitor and view external cameras.

#### Dimensions:

200 x 132 x 18 mm (HxWxD)

UPGRADE TO THE ANDROID INDOOR STATION FT30CC AND FTB30CC.

### FT30CC

Do you require more from the indoor unit?

Then upgrade to this beautiful 10" Android indoor unit. This allows you to install any app(s) via the built-in Google Play store.

But there's more. Via a handy function you can set the app you use most as a preferred app. This app will then always be pushed to the foreground by the monitor.

The FT(B)30CC can therefore perfectly serve as a control panel for your home automation, camera and/or alarm system.

Compatible with all home automation brands that offer an Android app.

#### Dimensions:

250 x 180 x 25 mm (HxWxD)

On pedestal: 250 x 220 x 140 mm (HxWxD)

INDOOR STATION ANYWHERE WITH WIFI!

### FT600W + FT600BS + FT600WPS

Place these indoor units wherever there is WIFI!

With the optional power supply FT600WPS and the handy table stand FT600BS (for FT600W) and FT30CCDESK (for FT(B)30CC) you can place the indoor unit wherever WIFI is available.

Plug it into a standard power outlet and you're done!

So you no longer need cabling.

## FT30CC

Use the optional FT(B)30CC monitor as a control panel for any home automation system, camera system or alarm system.

Among others compatible with:

# HOW TO INSTALL?

## ① NEW WIRING

## ② OLD WIRING

## ③ USING MONITOR AS WIFI-BRIDGE

## ④ 4G MODEM
